S i r,

Sub: Veerasaiva College, Bellary - Construction of college buildings - Permanent affiliation.

I have the honour to inform you that the Veerasaiva College Bellary, which is managed by the Madras Veerasaiva Vidyavardhaka Sangha, Bellary, was granted conditional temporary affiliation by this University with effect from the academic year 1945-46 subject to construction of permanent buildings, provision of financial guarantee for maintenance of the College etc., but the Management has not so far been in a position to satisfy the University of the several conditions that have been stipulated to the management.

The Syndicate considered the matter in detail and the Management was informed in this Office letter dated the 16th May 1947 that it is not prepared to continue the temporary affiliation of the college after the academic year 1947-48 (i.e. from July 1948) unless the following progress is shown:-

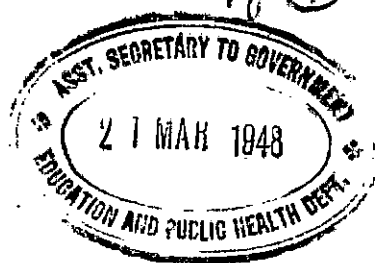

- a. The Management should acquire the site before the 31st October 1947; plans must be submitted before the 30th September 1947 and building work commenced before the 30th November 1947;
- b. The financial guarantee given by the Management shall be fulfilled and the amount promised to be collected by June 1947 should be shown before the 31st October 1947; and
- c. The buildings should be completed and equipped within a period of two years i.e. before the 1st December 1949.

In the meanwhile the Management stated that they were in correspondence with the Government for obtaining certain buildings

P.T.O.

belonging to the Jails Department, but no definite decision was arrived

at
Again the Management was requested to furnish information in regard to the permanent buildings etc. for the college and the Management in their letter dated the 12th March 1948 states as follows:-

" I regret to report that the Government could not give us the buildings at Cantonment, to locate the College on account of some emergent events beyond their control though they were inclined favourably towards our request as stated in my letter dated the 10th December 1947.

PS info

Under the present circumstance, we are compelled to undertake the construction of New Buildings for the College on the site purchased by us as long back as 1944. In this connection a Deputation was sent by our Association to the Honourable Minister for Education on 26-2-48 for pressing the Government for adequate grant for the New Buildings. The Honourable Minister was pleased to promise to help us by giving grant for the New Buildings as a special case. I will be submitting to the Director of Public Instruction, Madras, an application for Building Grant within 2 or 3 days and also submitting to you at the same time the plans and rough estimate of the cost of the New Buildings for your approval."

In view of the above reply received from the Management of the College I am to request you to let me know whether Government has promised sanction of the necessary building grant for construction of the new buildings and if so, at what stage the matter now stands.

As the Syndicate will have to consider the whole question of continuance or otherwise of the affiliation of the College from the next academic year 1948-49, the favour of a very early reply is requested.

I have the honour to submit that the Veerasaiva College was started in July 1945. Since then it has been temporarily located in a building belonging to Betra Guru Santhappa High School, one of our own Institution. The Management, now propose to construct on a modest scale a new building for the college, a rough plan of which is herewith enclosed. A copy of the plan has also been sent to the University authorities for approval. As soon as we obtain their formal approval, we shall get the detailed plans and estimate prepared and submit the same to you. The proposed new building is roughly estimated to cost Rs. 3,10,000/-.

It is needless to say that our district is the poorest and most backward in every respect. Yet the Madras Veerasaiva Vidyavardhaka Sangha, to further the cause of education in this district, has been endeavouring itself since last 30 years, by opening schools, High schools and Free Hostels in and around Bellary. In addition to these, the Sangha has now taken up the responsibility of running a college for the benefit of all people in this district

(Continued in continuation sheet.)

irrespective of caste, community, Language and sect. Even with the limited funds at its disposal the Sangha has been able to create an endowment of Rs.2,41,500/- consisting of valuable properties yielding an annual income of nearly Rs.11,000/-. The Government is fully aware of the difficulties of raising a new and suitable building for the college at present. It is not possible for this association to bear a further financial burden unless the Government comes to its rescue with maximum co-operation and help.

Ordinarily, half the net cost of the building is given as Government grant. But, under the circumstances explained above, request the Government be pleased to sanction or grant of three-fourths of the net cost of the building as a special case.

I hope that the desired assurance in this regard would be forthcoming and thus the Government would enable the management to launch the scheme of constructing a new College Building, so as to serve the cause of education, the want of it is felt in this backward district more than it is felt elsewhere in the presidency.

I have the honour to remain,

In continuation of my application dated 25.3.48 requesting the sanction of building grant for the construction of new buildings for the Veerasaiva College, I have the honour to submit that our College has been admitted for A11 under the grant-in-aid-code in the year 1945 when the college was started, considering the responsible and onerous undertaking by our Association in starting a College in the poorest and most backward district of Bellary. Thus considerable time was spent in trying to get those buildings and as such we could not take-up the question of construction of new buildings all these days.

The statements made by the Hon'ble Ministers that every district should have a College for the advancement of education, is one of the benevolent Policies of the popular Government and the starting of a College at Cuddapah this year by the Government where there was no college before, signify the early implication of their new policy. We seek your permission to draw your kind notice to the fact that our Association has come to the rescue of the Government in undertaking itself the responsibility of starting a College and it should be kindly noted that in case the management is compelled to close down the College for want of sympathetic help and sufficient grant for the new buildings, the entire burden and responsibility of starting a College would fall on the Government, since we have established a college and have progressed considerably, we earnestly hope that the Government, in view of the above facts would not hesitate to sanction three-fourths of the net cost of the buildings as a special case as applied for, in my letter dated 25.3.48.

We feel the difficulty of want of sufficient finances and having various commitments towards initial expenses, I further request that the Government would be pleased to sanction us a Loan for the amount to be borne by the management and of course, the remaining portion of the net cost of the buildings being covered by the building grant to be sanctioned by the Government, to enable us to undertake immediately and complete the new buildings.

The statement made by the Hon'ble Minister that every school
should have a college for the advancement of education, is one of the

generalized policies of the popular Government and the starting of a

Sir,

Abolition of Veerasaiva College, and further procedure
to be adopted.

I have received your printed acknowledgment to my communication dated 10th June 1948. I have to urge that it is a very urgent matter to be attended to at once. With the abolition of the Veerasaiva College, the students of Bellary District who have passed the S.S.L. Examination held in March 1948, and the number about 250 find it extremely difficult to secure admission in colleges of other districts.

Hence the only two courses that are left are (1) to suggest and recommend to the University to restore the recognition of the Veerasaiva College for a period of two years at least from 1948 to 1950 or (2) for the Government to step in and establish a Government College to commence work from July 1948.

I request you to be good enough to treat the matter as very urgent and give favourable consideration to it in the manner suggested above.

Yours sincerely,

The question of giving an exceptional status to the above College to restore to normal is separately under the consideration of the Government. No action seems necessary on this. The matter may be filed on receipt of the main file from the Government. Yours sincerely, (B. Bhima Rao)

Honoured sir,

Subject: Veerasaiva College.

I have the honour to acknowledge with thanks the receipt of your letter dated the 19th June 1948, sanctioning Rs.75,000/- towards the cost of New Buildings of the Veerasaiva College, - - Bellary.

The Association is very grateful to the Government for the sympathy shown to it by sanctioning the above capital grant, but begs to submit that the amount of Rs.75,000/- now sanctioned is neither adequate nor amounts to the 50% of the cost of buildings. It is roughly estimated that the Buildings now contemplated to construct on Modest scale will cost about Rs.3,65,000/-. The cost may even exceed Rs.4/-lakhs considering the high wages paid to the labour nowadays and the high cost of materials.

The Management regrets to state that it is not in a position to undertake the responsibility of constructing new buildings unless the Government is prepared to bear 50% of the cost of the buildings, which is expected to amount to - - Rs.1,82,500/- if not Rs.2/-lakhs.

In the above circumstance request that the Government - would be pleased to sanction 50% of the cost of the New Buildings for the College.

I have the honour to remain,

Dear Mr. Mahabaleswarappa,

Your representation of the 23rd June. As you know, the Government have been pleased to sanction Rs. ~~15~~¹⁶,000 as capital grant for your college. Government will consider sympathetically your request for further grants.

I hope that with this grant for the present, you will be able to approach the University and get their sanction for affiliation and run the college again.

With my best wishes,

Yours sincerely,

I am herewith sending a Copy of my application given to the Vice-Chancellor, Madras University for favour of your kind information. The Vice-chancellor promised to circulate my application for restoration of affiliation on the 28th and 27th and communicate orders telegraphically on the 30th.

I wanted to meet you before I left Madras. I rang to your bungalow and I was told that you had gone out for walk. As I didnot like to trouble you by calling at 8.P.M. I started for Bellary the same night.

I have another request with your goodself. During your visit to Bellary I want to entertain you at a Tea Party in the College Premises in honour of your first visit to this place. I would be very grateful if you could kindly accept my invitation.

I shall be taking you to the new site belonging to the Government of which I have already spoken to you. The inspection of the site can be made either prior to the Tea Party or immediately after it; or at any time convenient to you.

Thanking you for all the help rendered to our association.

BELLARY,

Date 26th June 1948

To

The Vice-Chancellor,
Madras University,
Madras.

Sir,

Sub. Veerasaiva College, Bellary.

Since the decision of the Syndicate we have been making strenuous efforts to satisfy the requirements of the University so that the College may continue to function.

With that in view we approached the Government for - - financial assistance and it was only on the 23rd of June 1948 - that the Government was pleased to inform you in writing that - they are giving a grant of Rs. 50,000/- and in addition to this the Hon'ble Minister for Education has been good enough to promise to consider sympathetically for our request for further grant. This ~~amount~~ would ~~be~~ normally be, as in the case of other - institutions in the past, a grant of one half of the cost of building.

Without this assistance the management was unable to put before the University a definite plans of what they can do, so that the University may be pleased to reconsider their decision; it was for this reason we were unable to make representations to the University before the 20th June 1948.

We may be permitted to state what we have succeeded in doing so far.

The Madras Legislative Council
Bellary

--2.

(f) We have a Government grant of Rs. 50,000/- and have all hopes of getting the usual half grant to the entire building.

Our omission so far been with regards to construction of College Buildings. The main reason for the delay for the starting of the construction of the building was the reasonable hope we had from time to time of getting one or other of the public buildings in Bellary. Now we feel that we should have adhered to original programme put before the University at the time of the affiliation.

We have now decided to go ahead with the construction of the new college building and thus we have every hope of completing with the assets mentioned in clauses (b) to (f).

We are now in a position to definitely promise that we shall start construction by about September, 1948. The plans being - meanwhile approved by the University and the Government. The - regular plans will be sent before the end of July 1948. The construction of the building will definitely reach the basement level by March 31st 1949. Every efforts will be made to complete at least one wing also by that time. The entire building will be completed by 31st May 1950.

Under these circumstances we request that Syndicate would be pleased to reconsider the decision and permit us to admit - the students into the Junior Intermediate class for the academic year 1948-49. It is earnestly requested that the decision will be communicated very quickly to save the local students - from the necessity of going to other places for studies.

In the keenness of our disappointment with the original order, we might have in our letter dated 7th June 1948 might have inadvertently used strong words that might have been felt as unwarranted: but I hasten to assure that ^{we} never meant any disrespect to the authorities.

Thanking you in anticipation.

Yours faithfully,

Please see the letter from the Registrar, University of Madras, on pp.1-2 c.f., and the letters from the Presdt., the Madras Veerasaiva Vidyavardhaka Sangha, Bellary, on pp. 3-5 and 7-9 c.f. The Registrar states that one of the conditions of continuance of the ^{temporary} affiliation of the College is the construction of permanent buildings for the College. He states that the Presdt. of the M.V.V.S., reports that the Govt. promised to sanction building grant for the college as a special case and that the Presdt. of the above Sangha would be submitting the necessary application to the Govt. through the D.P.I. The Registrar desires to know whether the Govt. have promised any grant for the purpose and if so at what stage the matter stands at present. As a copy of the Registrar's letter was sent also to the Presdt. of the above Sangha, the latter has sent a reply to the University enclosing a copy of the letter addressed by H.M.(Edn.) to him in the matter. The Presdt. of the Sangha has been asked by H.M.(Edn.) to apply through the proper channel and he has also been informed that the Govt. would take a sympathetic view of the question. The President has now submitted his application for a building grant through the D.P.I. - vide the advance copy at pp.7-9 c.f. The receipt of the orgl. application with the D.P.I.'s recommendations thereon is awaited. According to the present policy of Govt. building grants for aided college for boys will be given only in cases where special circumstances like the interests of backward areas or backward communities exist. The case of the Veerasaiva College, Bellary, for a building grant will be considered by Govt. on the merits of the case, on receipt of the orgl. appln. with the recommendations of the D.P.I. thereon. No definite promise has been made to the Sangha that the grant will be sanctioned. In Letter/Ref.No.25887

31/46-2. Edn. dated 10-6-46 the President of the Sangha was only informed that the question of giving a half grant towards the cost of acquisition of site and construction of buildings for the College ^{would} be considered if an application ~~is~~ made through the D.P.I. together with plans and estimates. It was also made clear in that letter that that should not be taken b

Please see the letter at p.11 c.f. since recd. from the D.P.I., the further application (advance copy) at pp.17-19 c.f. and the D.P.I's. remarks thereon at p.23 c.f. It is reported that the estimated cost of the proposed buildings is Rs.3,10,00. The Management has submd. a copy of the plan to the Uty. for approval and the Presdt. of the Sangha has promised to submit to the D.P.I. the detailed plans and estimates on obtaining the formal approval of the Uty. A of the building and also grant as loan the amount to be borne by the Management. The D.P.I. states that if an exception from the general policy laid down by Govt. in the matter of building grants for aided Colleges for boys is to be made, the present case may be considered as ~~the~~ College was opened in 1945, and as the management will be forced to close down the college for want of suitable buildings, with the result that this backward district (Bellary) will be without a college. He recommends the payment of a half grant for the building scheme. As already stated in Letter/Ref. No. 25887 B1/46-2, Edn., dated 10-6-46 ~~no~~ ^{not} loans are granted by Govt. to private managements for the construction of buildings. The request of the Presdt. for a loan referred to at 'A' above need not therefore be considered. As regards the question of ^{building} grant for the college, it is for orders whether in view of the backwardness of the Bellary Dt. and in view of the Director's recommendation, the present case may be considered as a special one and a grant allowed by Govt. It may however be stated herew that in connection with the proposal to finance building grants out of loans, H.M.(Edn.) suggested that the maximum grant for the construction of bldgs. for colleges may be fixed at Rs. 50,000/-, but in the subsequent note, relative to the financing of building schemes from loans, for the informal meeting of the H.Ms., he has stated that a half-grant not exceeding Rs. 1 lakh may be paid to aided colleges under private managements. But no definite maximum limit has upto now been fixed by Govt. for building schemes for Colleges. It may however be mentioned, that the management of the St. Christopher Training College for Women, Madras, recently applied for a grant for the construction of a teaching block estimated to cost Rs.4,36,000/- that the D.P.I. recommended the scheme for inclusion in the approved list and that it was proposed to limit the maximum grant payable to the College, to Rs. 50,000/-. But as the scheme was not urgent, it was deferred. ^{In the circumstances it is} ~~It is according~~ for orders whether if it is decided to allow as a special case a building grant to the Veerasaiva College, the amount of grant should be half the estimated cost as recommended by the D.P.I. or whether the limit of Rs. 50,000/- proposed in the case of the St. Christopher Train

Training College for Women, Madras, may be applied in this case. Finance may see the case u.o. for remarks prior to circulation.

Pray (S)

2 With reference to the letter of the Regr. of the Madras Uty. at pp.1-2 c.f. it is for orders whether pending a decision of the question of payment of grant to the College, the Regr. may be informed as at 'M' on p.2 ANTE.

the amount to be borne by the Sangha.

E. & P.H. propose that —

(1) the request for a loan from Government for construction of college buildings may be refused;

(2) the application for building grant may be considered as a special case, as relating to a backward district and a grant, subject to a maximum of Rs.1 lakh, may be allowed;

(3) the University of Madras may be informed of the position after a decision is reached on (1) and (2) above.

20.4.48 | 2. The proposals of E. & P.H. ^{regarding} in items (1) and (2) be accepted in this Department.

3. Item (2) in para.1 above: It is submitted that the general policy of the Government is not to give any special encouragement to the starting of institutions for University education, but to encourage only elementary education, as far as possible. Building grants are not given to colleges for boys as a matter of policy ^{except in backward areas or for backward communities}. If in the present case, a building grant is given to the Veerasaiva College at Bellary it should be, as stated by the D.P.I., as an exception to the general policy of Government referred to above ^{on the ground that} it relates to a backward district. In view of the D.P.I.'s remarks on p.11 c.f. and as one of the conditions for the affiliation of the College is the construction of permanent buildings for the College, Finance may agree that this case may be treated as special and that the Government may give a grant in respect of the proposed building. ~~E. & P.H. may be requested to circulate the case to H.M.(Fin.).~~

As regards the amount of grant, the President has claimed a $\frac{3}{4}$ grant. E. & P.H. have, however, recommended only ^{half grant subject to a maximum} of Rs.1 lakh. The cost of buildings is roughly estimated at Rs.3,10,000/-. ^{Three fourths} The grant is asked for in view of the fact that the Sangha cannot bear a further financial burden and of the difficulties in raising a suitable new building. The remaining ^{one fourth is proposed} ~~sum~~ to be met out of a loan from the Govt. As the request for the loan is not to be complied with, it is not clear how the management is going to meet it.

the cost. Perhaps it can find no difficulty in meeting it from its other resources or by raising public contributions, if necessary. If the proposal is approved, H.M.(Edn.) has suggested that such grants should not exceed Rs.50,000, which has subsequently been raised by him to Rs.1 lakh. In the case of the request from St. Christopher's Training College for Women, ^{Madras,} for a grant for the construction of a teaching block estimated to cost Rs.4,36,000, it was proposed to give only Rs.50,000, though finally even this was ~~reduced~~ ^{revised}. In view of the above and of the present state of Provincial finances, Finance may agree to a grant of Rs.50,000/- ^{also} in the present case.

'X' above Amount of grant. In connection

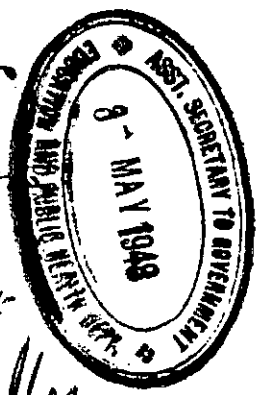

with the Budget for 1948-9, the Cabinet decided that provision might be made for grants equal to one-fourth of the actual expenditure subject to certain maxima in respect of certain buildings for the Loyola College and St. Christopher's Training College as indicated below:-

In reference to the above precedents, Fin may advise that the grant in this case ^{may} be ~~about~~ ^{1/4} of the actual
 75,000.

M

Please see the Finance note on pp.4-6 ante. Finance agree to the proposals (1) and (3) on p.4 ante. ~~They also~~ ^{They also} agree that the application of the Veerasaiva College, Bellary for a building grant may be treated as a special case and that the Government may give a grant for the proposed buildings. But they state that the Government grant may be one-fourth of the actual expenditure on the construction of the buildings subject to a maximum of Rs.75,000/- as against the three-fourths grant applied for by the President of the Sangha and the half grant subject to a maximum of Rs.1 lakh proposed by this Department. Finance refer in this connection to the recent cases of the Loyola College, Madras, and St.Christopher's Training College for Women, Madras, where only grants equal to one-fourth of the actual expenditure subject to certain maximum were sanctioned by Government. It is for consideration whether in the circumstances stated by Finance, their recommendation may be accepted or whether this Department's proposal will be pressed. It may be mentioned in this connection that the estimated cost of the proposed buildings is stated to be Rs.3,10,000/-, one-fourth of which will be Rs.77,500/-. It seems, therefore, that if it is decided to allow in the present case only a one-fourth grant, a higher maximum than Rs.75,000/- proposed by Finance may be fixed. It is for consideration whether ^{be limit} ~~it~~ may be fixed at Rs.80,000/-

Proposals of this kind are generally treated as Part II Schemes. It is for orders whether in view of the urgency ⁱⁿ in the present case the proposal may, as a special case, be treated as ^{as} a 'New Service' and sanctioned during the current year. If so, it is also for orders whether the proposal may be placed before the Standing Finance Committee and the Cabinet for approval or whether it will be deemed as an extremely urgent one and sanctioned without reference to the Standing Finance Committee and the Cabinet. If it is the latter, the Hon'ble Premier should see the case. The case

may be circulated for orders on the above points.

Yes; the Veerasaiva College at Bellary is the only College in the District. The management approached me that they were not in a position to run the College unless with Government support. The Vice Chancellor also informs me that they are not very well off. If we do not help the college, there is a chance of that college not being run and then the responsibility of providing for a college in Bellary will fall upon us in which case the cost to be borne by Government will be very great. In these circumstances, I think we may give them an one-fourth grant not exceeding Rs.75,000 as suggested by Finance. The matter may go before the Standing Finance Committee.

Please see the orders in circulation above. Since then it has been decided to make as a special case grants not exceeding Rs. 10 lakhs to educational institutions during the current year for the construction of buildings which ~~subject to~~ ^{are} subject to the restrictions imposed in 1941. Out of the allotment, if it is proposed to set apart Rs. 1.5 lakhs for colleges for boys - the grant payable in each case will be half the cost subject to a maximum of Rs. 75,000/-. It is proposed to ask the D.P.I. to submit proposals for the distribution of this sum. The proposal relating to the construction of buildings for the Veerasaiva College, Bellary, is a very urgent one. It has also been reported in the papers that the college would be disaffiliated by the University for non-compliance with the stipulation of the University for providing permanent buildings for the College,

College etc. In the circumstances, it does not appear necessary that the proposal should be placed before the Standing Finance Committee. A grant of Rs. 75,000/- may be sanctioned for this college and the B.P.I. may be asked to submit proposals for utilising the balance ~~of~~ sum, viz. Rs. 75,000/-, set apart for grants to Non-Govt. Arts Colleges for boys, during the current year. Finance may see the case u.o. for remarks before circulation.

Please see the summarising note on pp.7-8 above, the orders in circulation on p.8 above and the further note of E.P.H. on pp.8-9 above.

2. In view of the decision of the Govt. to allow Rs.10 lakhs for ^{building} grants to educational institutions out of which 1.5 lakhs is ~~to be~~ for colleges for boys, E.P.H. consider that it is not necessary that the present case should be referred to the S.F.C. and the Cabinet.

It is submitted that the decision referred to above only relates to the policy of the Govt. in the matter and only lays down the basis and scale of grants to ^{be given to} educational institutions. This does not in any way alter the financial procedure to be followed in individual cases. In the present case as the non-recurring cost involved ^{by way of grant} exceeds Rs.10.000 the proposal is a 'new service' and consequently it has to be referred to the S.F.C. and the Cabinet. In the circumstances, Finance may advise that the ~~above~~ procedure mentioned at 'A' on p.6 above may be followed.

Veerasaiva College will be permanently disaffiliated unless the management is able to satisfy the Madras University before 20th June 1948 that the various conditions laid down by it ^{have been complied with} ~~are satisfied~~. It would therefore appear that the ^{Govt's} decision in regard to the building grant for the college should be communicated to the management at a very early date. It seems therefore that the case may ~~be~~ ^{be} deemed as an extremely urgent one and a building grant of Rs. 75,000/- sanctioned for the college without referring the proposal to the S.F.C. and the Cabinet. It is for orders whether this may be done. The case may be circulated to H.M.(Edn), ~~H.M.(Fin)~~ H.M.(Fin) and H.Pr. for orders.

After orders are passed in 20th may be sent to the University in the Govt. decision

Please see the orders in circulation above and at R on p. 96 of DF. In ^{the linked} ~~that~~ file WH(Edn) has proposed a ^{maximum} limit of Rs. 50,000/- for Second Grade Colleges and Rs 75,000 for First Grade Colleges, in respect of building grants

aided Colleges. As the case relating to the Veerasawa College is a special one and as it has been already been agreed to in circulation that a grant not exceeding Rs. 75,000/- may be given to this College, ~~the limit~~ it is presumed that the ~~College may~~ ~~be given~~ above limit of Rs. 50,000/- for Second Grade College ^{will} ~~not~~ apply to this Veerasawa College though it is a Second Grade College. In this view a draft order is sent for approval. Finance may see before circulation.

The subsequent notes and minutes may be passed.

In the draft order above it is proposed to sanction a half grant subject to a maximum of Rs. 75,000. From the orders in circulation on page 8 above with reference to the remarks of Finance and Exp. H. at M and S respectively on H. 6-7 above, it appears that one-fourth grant subject to a maximum of Rs. 75,000 should be sanctioned. If, however, Exp. H. wish that it should be a half grant with reference to their remarks at B on page 8 above, they may be requested to take specific orders on the point in circulation including H. H. (Finance) and Hon. the Premier. They may also be requested to take orders as to whether the grant should be limited to Rs. 75,000, as a

The draft order put up in this case is in accordance with the minutes of H.M.(Edn) at N on p.92 n.f. and at R on p.96 n.f. of L.F., read with 'X' on p.8 ante. The intention of H.M. ^{seeing the} ~~is~~ that Rs.75,000/- ^{and the grant should be based on his capital expenditure on the construction} should be given to this College. May be circulated to H.M.(Edn) and H.M.(Fin) ~~before~~ ^{for} issue of the draft order.

It has been agreed that in the matter of capital grants to colleges, out of Rs.10 lakhs allotted by the Cabinet, Rs.50,000/- may be the maximum paid for second grade colleges and Rs.75,000/- for first grade colleges . The Bellary College seems to be in a bad

muddle and its recognition is threatened to be withdrawn by the University and so it is necessary that we should give them a little more generous grant and I propose that Rs. 75,000/- may be given as an ^{exception} to this college. H.Pr. may kindly approve.

H.M. Fin. may kindly see.

Kind reference is solicited to the minute H.Pr. on p 97 of the linked file (2723681/47) the case of this college is presumably to be an exception to the principle laid down by H.Pr.

The question of payment of a building grant of Rs 75,000 ~~was~~ referred to in the note on page 96 of the linked file and in the ^{marginal note} on page 42 of that file H.M.'s (Education) minute on pages 96-97 of the linked file also contains a reference to the question, but no amount has been referred to in the minute. Hence it would appear necessary to get H.Pr.'s concurrence to the proposal for the payment of a building grant of Rs 75,000/- to the college at Bellary.

In Memo No. 2723681/47-17 Edu & P.I. has been asked to submit proposals for grant during the current year. In that memo was indicated that out of the 15 lakhs earmarked for colleges Rs 75,000 was proposed to be paid to the Masawa College. VEERASAIVA COLLEGE DISAFFILIATED

A University of Madras communique states that the temporary affiliation granted to the Veerasaiva College, Bellary, has lapsed, as the conditions of affiliation were not fulfilled.

The communique states: "The Syndicate, after a careful perusal of all the previous letters and the several promises made by the management, has come to the regretful conclusion that steps should be taken to close the College, the management having failed to conform to many of the conditions stipulated at the time of affiliation and which were readily accepted then by the management..... The Syndicate notes with regret that, in spite of repeated reminders, the management has not been able to take any steps worth mentioning to improve the state of affairs. The Syndicate cannot therefore permit the continuance of the College as it is not in conformity with the standards laid down and therefore resolves that the management be informed that the temporary affiliation given has lapsed with effect from April 1948 and no candidates will be permitted to be admitted to this College in the Junior Intermediate for the year 1948-49. This will not affect the continuance of the Senior classes in 1948-49.

"Should, however, the management be in a position to satisfy the University that the conditions laid down in the letter of the Registrar dated May 16, 1947 have been complied with before June 20, the Syndicate will then consider the position afresh."
